

Iowa City Metropolitan Statistical Area

Iowa Workforce Development 2019 Profile

Jobs Summary

In 2018, the Iowa City Metropolitan Statistical Area (MSA) represented 92,122 total jobs, accounting for 5.9 percent of all covered employment in Iowa. Government represented the largest supersector with 28,103 jobs. A majority of those jobs (21,130) were in state government. This should come as no surprise, given that two of the area's largest employers are a state university and a university hospital. The second-largest supersector was trade with 12,491. Education and health services followed with 12,018 jobs and leisure and hospitality was fourth with 10,423 positions.
